Building new beginnings...

...from old traditions

OUR HISTORY

Downtown Wauchula has been through many transitions and transformations over the last 100+ years. Originally, it was the main focal point of Wauchula; serving as a common ground for people to meet for both business and pleasure. Many of its residents have fond memories of the drugstores, department stores, churches, and other buildings that were all once important staples of Main Street and its surrounding area. By the 1970's, many of Wauchula's businesses were being constructed North and South of town; taking business away from Main Street. Eventually, many buildings on Main Street became vacant and were never restored, creating a need for the Main Street Wauchula program.

Main Street Wauchula, Inc. was designated by the State of Florida in 1995. Since then, the organization has seen many changes in the downtown. From the creation of Main Street Heritage Park to the beautiful streetscape completed in 2008, the downtown has once again become a center of activity enjoyed by the local community, businesses and visitors. Main Street Wauchula has been an integral part of this positive transformation.
